

Agua Viva Song

There's a place that we know
Where the skies are so blue
Where the love of the Lord shines through
We can smile through our tears
And let go of our fears
As God's people see us through.

Chorus:

We call it Agua Viva
Our home in Guatemala
And there we drink of the Living Water
And Jesus makes
And Jesus makes
And Jesus makes us fresh and new

Then some day we will say
Adios and goodbye
To our little house on the hill
And we thank God above
For His marvelous love
Yes, God's people really care

Chorus
