

## COLLEGE VISIT

As a final treat before finishing school, our ninth grade students had an opportunity to visit the public college in Guatemala City. They were able to tour the campus's different buildings, as well as to explore the numerous degrees the college offers. We could not be more proud of how many of our graduates are interested in pursuing a college education!

## FIRST BEACH TRIP

A number of our children were thankful for a day trip to the beach with our director, Seño Evy. For many of them, this excursion was their first opportunity to see the ocean. They loved splashing in the waves and playing in the sand! Seño Evy likes spending time with our children on her days off, especially when they have the opportunity to enjoy new experiences.

## SCHOOL GRADUATIONS

We are pleased to celebrate another cycle of graduations at Agua Viva School. This year we had 25 kindergarten graduates, 27 elementary school graduates, and 34 middle school graduates. According to our principal, Raquel, the number of students advancing to a higher academic level is greater than last year. The majority of our kindergarten and sixth grade students will continue in our school next year. Most of our ninth graders have applied to nearby high schools, while prestigious high schools in Guatemala City have accepted others. We are thankful to the part our supporters have played in making a significant difference in our student's lives.
